INTEGRATING WRITING IN THE VISUAL ARTS CLASSROOM

Duration: 2hrs

Number of Participants: 6-12

Cost: \$30/each

In this 2hr workshop participants will learn how to integrate writing in their visual arts classrooms, specifically using zines. What's a zine? Through collage, drawing, and juxtaposing images with text, you will learn how to teach your students how to make their own small circulation, self-published works: zines (short for fanzine or magazine.)

We're also more than happy to work with you to customize a workshop for you and your team for group experiences.
